

## TUITION AND COST OF ATTENDANCE

**Cost of Attendance** The cost of attendance (COA) is an estimate of what it may cost a student to attend UIW for one academic year. The COA, often referred to as a "student's budget," includes direct and indirect costs.

**Direct Costs** Expenses paid directly to UIW such as tuition and fees.

**Loan Origination Fees** A loan fee is a charge by the loan servicer and is deducted from the money that is disbursed; meaning the loan amount applied towards your charges will be less than the amount you actually borrow. You are responsible for repaying the entire amount you borrowed, not just the amount you received.

**Loan Disbursement Dates** Loans will be disbursed to the Business Office towards tuition and fees by the following dates: Fall Semester 07/14/23 and Spring Semester 12/29/23. Any excess aid would be processed by the Business Office as a refund accordingly.
